

Đinh Đỗ Bá Thi
Devops Engineer

[DOWNLOAD CV](#) [HIRE ME](#)

About Me

Hello! I'm Thi. As someone with a lot of ambition and loving automation, day by day can't stop learning to become a valuable asset for any company. I will become a Devops Leader and along with my team to make things from impossible to possible.

I am a quick learner and a team worker that gets the job done. I can easily capitalize on low hanging fruits and quickly maximize timely deliverables for real-time schemas.

Huynh Huu Hien
Head of IT Operations at SmartPay

“ I worked with Thi over 3 years. He is a smart, talent engineer. He contributed ideas about new technical solutions for our company. I believe that he will be a valuable asset for any company.

Danny Do
Chief Technology Officer at DTC group

“ The first time, we worked together it was not special, until he & I worked together to solve some big problems for my department. I had to say this person was special in Technology especially in System administration. Any problem he will have solution smartly despite how its hard. Very cool!
